2024 Partner Impact Report & Press Release

Fighting poverty in Nigeria through education and empowerment.

West Child

West Child, Inc.

West Child is launching November 2024 with a mission to empower vulnerable children and widows in Nigeria. Through our two core programs—**West Scholar** and **West Widows**—we are committed to breaking the cycle of poverty by providing access to education for children and fostering financial independence for widows.

MISSION

To lead a movement that empowers widows and children through education and sustainable growth, unlocking their potential to drive lasting social change across communities.

VISION

A future where every child and widow thrives, empowered to shape their own success.

PEAKTOX

Our Core Programs

West Scholar

West Scholar provides educational access to children in Nigeria who are at risk of dropping out of school or who have never had the chance to enroll. By covering school fees, uniforms, and essential supplies, West Scholar ensures children have the resources they need to succeed academically and build a brighter future.

CURRENT IMPACT

30 children receiving educational support.

GOAL

To enroll 50 students each in 2025 and 2026, then increase to 100 students annually in 2027 and 2028, with a long-term goal of supporting over 700 students by the end of 2030.

Our Core Programs

West Widows

West Widows helps widows in Nigeria gain financial independence through vocational training, skill-building workshops, and seed funding for small businesses. This program is designed to support widows in building sustainable livelihoods, ensuring they can support themselves and their families.

CURRENT IMPACT

8 widows supported with vocational training and seed funding.

GOAL

To support 4 widows annually from 2025 to 2027, then scale up to support 10 widows per year from 2028 to 2030. By the end of 2030, this will allow us to empower over 42 widows with vocational training, seed funding, and sustainable business support.

How Donations Empower.

WEST SCHOLAR

\$75

Per primary school
academic year

\$105

Per Secondary school
academic year

Children in Nigeria complete six years of primary and six years of secondary school. From the moment a child joins, we raise funds to cover their entire remaining education, including **tuition, books, compulsory items, and medical fees**. This safety net ensures continuity, preventing overextension of resources. If a child leaves, their allocated funds are reallocated to another child in need.

WEST WIDOWS

\$310

Widows with
1 - 2 dependents

\$599

Widows with
3 - 5 dependents

These one-time costs help a widow establish a **sustainable small business** while covering their essential needs for the first three months, including **shelter, food, and water**. By meeting their basic necessities, we enable them to fully focus on building their enterprise and securing financial independence for their families.

Your Impact, Simplified.

THE POWER OF A YEAR: HOW SMALL MONTHLY CONTRIBUTIONS ADD UP

WEST SCHOLAR

\$9

Per Secondary school
academic year

For just \$9 a month—about the cost of a specialty coffee or streaming subscription—you can ensure a child receives an entire year of education.

WEST WIDOWS

\$26

Widows with
1 - 2 dependents

For just \$26 a month—about the same as two streaming subscriptions or one takeout meal—you can help a widow gain the skills and resources she needs to build a sustainable future for her family.
